KANSAS CITY, MO., IS SCENE OF FATAL FIRE

The Building Used by Montgomery, Ward & Co. Burns.

QUARTER OF A MILLION LOST

Two Hundred Women and Girls Employed in the Building Have Narrow Escapes—One Person Dead; Many Injured.

Kansas City, Mo., May 10.—Fire Wednesday afternoon destroyed the five-story university building, at the northwest corner of Locust and Ninth streets, causing a property loss estimated at a quarter of a million dollars. One life was lost, six persons are missing, and may be buried in the ruins, and fifteen persons were more or less seriously injured. The debris is still burning, and cannot be searched until the fire goes out.

The building was occupied by Montgomery Ward & Co., as offices, and by numerous artists and musicians, who lost everything.

Among the missing is Miss Maud Wittenborn, piano teacher; last seen at the window of her studio on the fifth floor.

The building was of brick, five stories high, and extended one hundred feet north on Locust street, and half a block west on Ninth street. Because of the unsafe condition of the building, it was abandoned by the Young Men's Christian association ten years ago. Since then the first and second floors have been occupied by Montgomery, Ward & Co., who used it as offices, and employed about two hundred clerks, mostly girls. It contains two small auditoriums, one of which, on the third floor, is used by the Kansas City Anthenaeum, which was holding a session when the fire started, half a hundred prominent women being in attendance. The third, fourth and fifth floors were occupied by artists and musicians, and some of the upper rooms were used as living apartments. There is but one elevator in the building, adjoining a stairway, the only means of exit.

The fire started a few minutes before 3 o'clock in the basement in a quantity of twine in the Montgomery Ward store room, close to the elevator. Ten minutes after the fire broke out, the flames began to pour into the elevator shaft and the escape, save by the fire escapes, were shut off.

The halls quickly filled with a dense smoke, and ten minutes later, when the first fire apparatus arrived on the scene, people crowded almost every window appealing for help, while a score of others, mostly women and girls, filled the fire escapes, and were descending wildly to the ground.

George DeMare, aged 82 years, art instructor, in the Central High school and a portrait painter, jumped from his studio window on the fifth floor, and was picked up dead.

Kansas City, May 10.—Search for bodies was begun at dayNght Thursday morning in the ruins of the University building, at Ninth and Locust streets, destroyed by fire Wednesday.

One body at least is known to be in the debris, that of Miss Aurora Wittebart, an artist, and it is believed that others may be found. The fire was still smouldering Thursday morning, and it will be late in the day before a thorough search can be made.

The known dead now number two, Miss Wittebart and Professor DeMare.

It is believed that all the injured will recover. The most seriously hurt is Miss Alexander Brumberg, the Russian countess, whose skull is fractured. Her condition Thursday morning was considered serious, but Dr. Eugeneia Metzger, her physician, with whom she made her home, expressed the belief that the countess would recover.

Countess Alexandria Andrevna Blumberg, an artist, shared a studio on the third floor with Dr. Metzger. She was taken to the Swedish hospital in a semi-conscious condition, and Dr. Metzger and the entire hospital force bent all their energies toward saving her life. She was conscious at times during the night and Thursday morning was reported somewhat improved.

Countess Blumberg is the daughter of a Russian nobleman, Count Andrev Blumberg, once a member of the privy council of the czar, who fell under the displeasure of the crown and was exiled after his immense estates had ben confiscated. His daughter went to Paris soon after the death of her parents and studied art for several years, being a pupil of Bouguereau, Courtois and James Whistler. She has traveled in many countries and speaks fluently several languages.

George DeMare, who lost his life by jumping from his studio on the fifth floor, came of a family more than noted in the art world. His maternal grandfather was G. P. A. Healy, one of the greatest of American painters, who had painted portraits o fClay, Lincoln and other notables. His father, who was a noted painter in Paris, died in that city a few years ago.

INJUNCTIONS DELAY LAWS.

Judge Jones Grants Preliminary Injunctions on Part of Ten Roads.

Montgomery, Ala., May 10.—Judge Thomas G. Jones, of the United States court, has granted preliminary injunctions on the part of the ten roads in Alabama, restraining the state from putting into operation certain laws just enacted. Continuance was taken in the application of the Louisville and Nashville and South and North because of their having made rates in violation of the law which says that rates in effect January 1 last shall be the maximum charge. This feature was continued for 80 days by request of the state. The roads which secured the injunction are the Atlantic Coast Line, the Seaboard, the Central of Georgia, the Southern, the Mobile and Ohio, the Atlanta and Birmingham, the 'Frisco and the Nashville, Chattanooga and St. Louis.

The laws resisted makes rates January 1, the maximum rates, fixes rates on 110 articles and classifies roads, and provide for an abrogation of license of any road removing a case from the state to the federal courts.

The question of a master will be determined on the first motion day, the first Tueday in June.

Sent to Jail in Auto.

West Palm Beach, Fla., May 10.—Thos. W. Troy came ashore from steamer Cecilia, two thousand tons, from South America loaded with lumber, to take train to New York ahead of the vessel. He went into Seapf's aloon Wednesday and had some words with and emptied his revolver into George G. Newcomb, killing him instantly. He was arrested by Deputy Sheriff aMrtin and jailed without resistance. Coroner Chillingworth summoned a jury and testimony was taken and he was held by the jury for murder and sent to Miami by auto on account of hard feeling in this city.

Alabama Postoffice Looted.

Deposit, Ala., May 10.—The safe of the postoffice at Deposit, in Joseph E. McCaleb's store, was blown open some time during Tuesday night, and $40 in money and a large quantity of stamps secured. Nitro-glycerine was used, and the job was apparently the work of experts. A skeleton key was used to gain entrance to the building. Nothing of value in the store room was removed. No trace was left behind by the burglars.

All But Seven Recovered.

Montevideo, Uruguay, May 10.—An official report from the government authorities on the spot says that all the pasengers motly Spanish immigrants, of the French steamer Poitou wrecked off San Jose Ignacio, were recovered with the exception of thirteen. Seven of these ar known to have ben drownd and six wre classed as missing.

Old Confederate Suicides.

Huntsville, Ala., May 10.—W. J. Corvin, aged 62, suicided in Dallas Wednesday night by shooting himself through the heart. He was a confederate. Ill health was the cause.

LIVES ARE LOST IN WRECK OF TRAINS

One Accident In Illinois Another In State of Ohio.

SUBURBAN TRAIN IS WRECKED

Leaps from Track and Goes Down an Embankment—Engineer, Blinded by Smoke, Crashes Into the Rear End of Train.

Chicago, May 10.—A suburban passenger train on the Burlington railroad running between Aurora, Ills., and Chicago, was wrecked Thursday near Lawndale, about 6 miles from the city, and about 20 passengers were hurt. It is reported that several were killed.

The train was running at a high rate of speed when the engine struck a broken rail, and leaped from the track. It dragged the baggage car and one passenger coach with it, and all three rolled down a small embankment. The other five passenger cars in the train remained on the track.

It was at first supposed that many people had been killed and ambulances were summonded from all the police stations in the west side of the city

---

Cincinnati, May 10.—One man was killed, one fatally hurt and two others seriously injured in a rear-end collision at Jones Station, 7 miles south of Hamilton, O., Thursday.

An engine was following No. 1 passenger train on the Cincinnati, Hamilton and Dayton railroad and heavy smoke prevented the engineer seeing the train, into the rear of which the engine crashed.

Frank King, of Ivorydale, who was making his second trip as an engineer, was instantly killed, and Sullivan, of Hamilton, superintendent of tracks, was badly, probably fatally injured internally and receiving serious cuts on the head.

Jacob R. Easler, of the Cincinnati, Hamilton and Dayton, agent at Ivorydale, suffered serious internal injuries and Thomas Kirk, of Jones Station, had two ribs broken.

Most of the passengers were shaken up considerably, but no others were injured.

TRAGEDY ON CREEK BRIDGE.

Runaway Team Dashes Into Buggy With Fatal Results.

Monroe, Ga., May 9.—Wednesday morning while on their way to this place to do some shopping, two ladies of Walton county met with a strange and tragic accident.

As a result of this, one of the ladies is dead and the other lies at the point of death.

These ladies were Mrs. Henry Richardson, who died in a very strange manner, and Mrs. John Palmer, who is not expected to live.

Just as Mrs. Richardson and Mrs. Palmer, on their way to town, drove on the bridge which spans Balle Prong creek, a mile from Monroe, they were met by a runaway team in which were a negro man and woman and two children.

Mrs. Palmer, in attempting to get out of the way of the vehicle, caught her dress on the step and was thrown to the floor of the bridge. The horse ran over her, dragging the buggy with him.

Mrs. Richardson ecaped without a scar, yet, strange to say, she was the first to die. The excitement and worry in trying to care for her injured sister caused congestion of the lungs, from which she died. It is not thought that Mrs. Palmer will survive her injuries.

Will Lay Cornerstone.

Wrightsville, Ga., May 10.—Friday, May 24, will prove a historic date in the annals of this city. The cornerstone of the new main building of Warthen college, now in course of erection, will be laid out on that day with appropriate and imposing ceremonies. The Masonic grand lodge of Georgia has been invited to conduct the ceremonies incident to the occasion, and there will doubtless be a large gathering of Masons here.

LORD BERESFORD'S FINAL END.

Body of Bogus Lord Embalmed and Is on Exhibition at Asheville.

Atlanta, May 10.—A most wonderful story has just been told by a prominent laywer who has just returned from New York of the final end of the celebrated crook, Lord Beresford, who has exploited himself in his particular line all over this country and in Europe.

The gentleman who tells the story was returning from New York a few days ago, and stopped a day or so at Asheville. He had occasion to stop at an undertaker's etablishment. While conversing with the proprietor he glanced around and saw standing on a pedestal the real Lord Beresford perfectly embalmed and looking just as he did in life. The gentleman had no doubt of his identity, as he knew him well, having represented him as one of his leadin gcounsel during his various trials in Rome, and saw him every day for many months.

The proprietor of the undertaking establishment said that Lord Beresford had come to Asheville many months ago, accompanied by a physician and a trained nurse, and representing himself as a man of great wealth. He was very ill. He died about five months ago, and his body was embalmed by the undertaker and placed in an expensive casket, preparatory to shipment to his relatives in England. The doctor, the nurses, the hotel keeper and the undertaker cabled to England to the address given by Lord Beresford as that of his relatives, but no such people could be found, and their bills remained unpaid. The undertaker has since then been using his body as an advertisement of the embalming department of his establishment. He stated that Beresford came to Asheville under an assumed name, and that since he had been on exhibition no less than six different women had appeared claiming that he had married them under different names, taken their money and disappeared. They all wanted his body.

CORNERSTONE IS LAID.

Magnificent New Masonic Temple Is Dedicated In Atlanta, Ga.

Atlanta, May 10.—Nothwistanding the threatening clouds on Wednesday afternoon, several thousand men and women gathered upon and about the raised platform to witness the dedicatory exercises of the laying of the cornerstone of the magnificent new Masonic temple, to be erected at the corner of Peachtree and Cain streets.

The scene was an impressive and inspiring one. Grand Master Max Meyerhardt, of the grand lodge of Georgia, assisted by several other prominent members of the order in the state, conducted the dedication exercises, the regular Masonic ritual for such occasions being employed.

The other exercises of the day were most appropriate and interesting, the Masonic parade being a pleasing feature.

Florida House Defeats Suffrage Bill.

Tallahassee, Fla., May 10—Senator Beard's resolution proposing an amendment to the constitution of the state of Florida limiting suffrage to white male citizens, was defeated on Wednesday in the house by a vote of 47 to 14. The senate passed the resolution three weeks ago by a vote of 23 to 5, and had it been submitted to the house then, it would probably have passed. Strong opposition developed within the last ten days. Its effect would have been to test the validity of the ratification of the fourteenth and fifteenth amendments of the United States constitution.

Popular Young Lady Suicides.

New Hope, Ala., May 10.—Miss Lena Vann, a popular young lady of New Hope, Ala., committed suicide Wednesday by taking a dose of poison. She was found in her room in a dying condition and never recovered consciousness. No reason for the deed is known by her relatives.

Jordan to Return Soon.

Columbus, Ga., May 10.—G. Dunby Jordan, president of the Georgia Immigration association, saide Wednesday for America, and is expected to reach the state in about ten days.

STRIKE SITUATION GROWS MORE SERIOUS

Trouble With the Longshoremen at New York.

BUSINESS IS GREATLY CRIPPLED

Severe Fight Occurred in Williamsburg Between Strike-Breakers and Strikers—Number of Longshoremen Now Out Is About 12,000.

New York, May 10.—The gravity in the longshoremen's strike grows with the hours.

This is principally because the congestion of freight is becoming rapidly greater, the total monetary loss being reckoned thus far at about $600,000, involving business in many parts of the country. It is also because an element of the strikers seem to be ready to resort to violence, as was manifested Wednesday night when 300 Italian and Polish strike-breakers were surprised and attacked by several hundred strikers and sympathizers in Williamsburg and a severe fight ensued, in which stones, knives and clubs were used and numbers of persons were hurt, including some policemen. Then, again, both sides display a fixity of purpose which does not presage an early end of the trouble.

The strikers, who now number almost 12,000, declare that they will not yield unless their demand for a higher scale of wages is granted, and this, the American steamship companies are equally insistent that no concessions will be made by them, and that they will stand together to resist the men's exactions. Meantime Police Commissioner Bingham has taken the precaution to keep in reserve at the stations all policemen except those on patrol, which, is in one sense, a mobilization of 8,000 policemen.

J. H. Thomas, operating manager of the International Mercantile Marine company, speaking for the trans-Atlantic lines involved in the strike, said that the heads of all these lines had discussed the situation. They were unanimous, he said, in the position that the demands of the strikers were exorbitant, that the companies could not afford to meet them, and that the strikers' places would be filled with other men at the present scale. The companies will bend their energies to getting their vessels away on schedule time, even if this be with partial cargoes.

To emphasize their contention that higher wages are needed because living expenses are higher, the strikers are having a parade of their wives and other dependent upon them.

Japanese and American Interests.

Berlin, May 10.—The Vossiche Zeitung asserts that it has received from an official source the announcement that the United States and Japan will begin negotiations for an agreement protecting their mutual interests in the Far East. Editorially the paper says that America's motive, like Great Britain's and France's, is fear of Japan's power. It also predicts that Japan will tear up the treaties as soon as it suits her purpose to do so.

To Urge Greater Atlanta.

Atlanta, May 10.—The directors of the chamber of commerce at a meeting held Tuesday afternoon, decided to have a smoker at an early date at which the question of extending the limits of Atlanta, will be discussed. President J. Wylie Pope and Secretary Walter G. Cooper were appointed a committee to fix the date and make all arrangements for the entertainment.

Burglars Rifle Three Safes.

Oliver, Ga., May 10.—Burglars Sunday night cracked three safes here and escaped with considerable money. The large safe of the Oliver Trading company was completely wrecked and practically the entire office is a mass of ruins. The town was not awakened by the series of terrific explosions. Savannah detectives have been put to work on the case.

DESTRUCTIVE FIRE VISITS NEWBERRY

Two-Thirds Business Section of That Town Destroyed.

FOURTEEN BUILDINGS GONE

Among Which Was the Elegant Concrete Block Owned by Dr. Ruff—Loss About $100,000, Covered Only by About One-Third Insurance.

Newberry, in the West End, seventeen miles west of this city, and the metropolis of that section, was visited by a severe fire Thursday night, which laid to ashes two-thirds of the business district of the town, entailing a loss estimated at about $100,000, about one-third of which was covered by insurance. Both hotels were burned, which leaves the town without a public hostelry, the famous Commercial Hotel, owned and managed by John G. White, and which has for years enjoyed the reputation of being one of the best country hotels in the State, being entirely consumed, as this hotel was in the heart of the burned district.

The fire started, according to reports of those who arrived from Newberry Friday morning, in the bay room in the rear of the Lamb Shoe and Clothing Company, and which was divided by a narrow alley-way from the main store, which was one of the largest in that section of the county. The flames had gained good headway before discovery, the inflammable material feeding the fire with tremendous fury, great sparks flying in every direction.

The main store building was soon ablaze, when the fire spread to the depot of the Atlantic Coast Line, just across the street. This building, which was filled with freight, and six cars standing on a siding, some of which were loaded, were soon consumed.

Owing to the absolute absence of facilities for fighting the flames, save by aid of buckets, which had to be carried quite a distance, the fire spread rapidly west, despite the heroic efforts of the small army of men and boys who had congregated to render aid, and who worked like Trojans in an endeavor to check the conflagration.

To the west, the buildings which succumbed were in order as follows:

Building owned by H. A. Pickett and occupied by Dr. N. J. Barry as a grocery.

Two-story building owned by H. A. Pickett and occupied by Miss Laura Guy as a millinery store and residence.

E. Z. Walker's barber shop.

Commercial Hotel, owned and managed by John G. White.

Building owned by Lute Howell and occupied by King Bros., general merchants.

Newberry postoffice, located in same building.

Two-story building owned and occupied by G. W. Stroble as a residence and market.

E. L. Vidal drug store.

Concrete building, completed about a year ago, owned by Dr. J. F. Ruff and occupied by Noel & Burk, general merchants.

Travelers' Hotel, owned and managde by M. A. Densler.

Residence owned and occupied by Mrs. Lillie Kitchen.

Two-story building owned by Mrs. Lillie Kitchen and occupied by T. E. Garland, market, and A. C. Roberson, general merchant.

Thompson & Smith, liverymen, lost their feed stable, but by heroic efforts their carriage house was saved.

The fire was discovered about 11 o'clock, and burned until 2:30. It was only by the heroic efforts of the populace, who realized that the south side of the street was doomed, that the business houses and residences on the north side were saved.

Those who suffered loss in this conflagration have the sympathy of the people. They will no doubt rebuild immediately, however, and a better class of buildings, as Newberry is a growing town, in the center of the phosphate belt, and the place commands a tremendous trade.

THE CIRCUIT COURT.

Adjourned Friday Noon Until Monday Afternoon at 2 O'clock.

The spring term of the Circuit Court has adjourned, after a week's deliberations, until Monday afternoon at 2 o'clock, when the second week of the term will be taken up.

The first week of the term has been a busy one, as Judge Wills in the court room and State Attorney A. V. Long in the grand jury room have kept matters stirring.

The only case before the court Friday was that of Harry Hamilton vs. the Melrose Manufacturing Company, assumpsit, damage $500, which was begun Thursday afternoon. The jury returned a verdict in this case in favor of the defendant.

Judge Wills and State Attorney Long left yesterday for their home in Starke, where they will remain until Monday.

During the day Friday W. M. Davidson was arrhigned upon three indictments of selling liquor in a dry county, pleading not guilty to each indictment.

SEVENTH DAY ADVENTISTS.

First Meeting of the Quarterly Series Held Friday Night.

The first meeting of the Seventh Day Adventists was held in the little chapel in North Gainesville last night, and was well attended.

This meeting was conducted by Elder C. B. Stevenson, assisted by his good wife, and proved very interesting throughout. Elder Stevenson is a pleasing and intertaining speaker, and never fails to interest his hearers.

Services will be held at 10:30 o'clock this morning and again at half-past 7 this evening, and on the same hours tomorrow.

AT THE TABERNACLE.

Rev J. B. Nelson Delivered a Fine Sermon There Last Night.

Rev. J. B. Nelson of Grand View, Ky., the evangelist of the Christian Church, began a series of meetings at the Tabernacle last night. The first meeting was held attended, and those who heard Rev. Nelson concluded at once that he was an orator of a forceful nature.

Services will be conducted in the evening at the Tabernacle, beginning at 7:30 o'clock, until further notice, and a cordial invitation is extended to the public.

A Delightful Evening.

One of the most delightful informal social functions of the season was a card party tendered by Mrs. W. T. Chesnut, East Liberty street, complimentary to her niece, Miss Bird, of Monticello, Thursday evening.

The affair was not largely attended, there being only three tables, but those present enjoyed the evening thoroughly, and are under many obligations to Mrs. Chesnut for an opportunity to meet her guest, and also for the entertainment of the evening, Mrs. Chesnut proving herself the usual clever hostess.

Delicious refreshments of ice cream and cake were served during the evening.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

SPECIAL EXPRESS TRAIN.

Is Operated Over A. C. L. in Order to Accommodate Heavy Shipments.

It was stated to The Sun of Tuesday, the withdrawal of the night trains between Jacksonville and St. Petersburg has necessitated the inauguration of a new special express service, in order to accommodate the extensive shipments of perishable freights from the groves and gardens of South Florida.

This special express service was inaugurated Wednesday night, the first train having left Ocala on that date. The train is composed entirely of express, and is operated between Ocala and Jacksonville, via Palatka, leaving Ocala daily at 8 p. m. Connection is made at Ocala with another train from the South, which performs the service between St. Petersburg and Ocala.

Report comes from South Florida that the movement of perishables is very heavy at this season—in fact, the heaviest it has been at this same period for several years.

This train was operated via Gainesville last year.

Constitutional Amendments Discussed in the Legislature.

BUCKMAN RESOLUTION WAS LOST

Mr. Faulkner's Proposed Amendment on Apportioning Taxes of Negro and White Races for Schools Met Its Waterloo—Other Legislative News.

With thirty-one Senators present Thursday, the morning session was opened with prayer by the chaplain.

The courtesies of the floor were extended to Capt E. E. Bell of Trenton by request of Senator McCreary.

Senator Johnson of Suwannee county introduced his first bill, which was Senate bill No. 360, a bill for the relief of the widow of the late Senator J. R. Newlan of the Seventeenth. The bill carries with it an appropriation of $180, which amount the late Senator would have secured as services as Senator had he not died. On motion of Senator Johnson, the rules were waived and the bill put on its second reading and was passed unanimously.

A ripple of amusement was created when Senator Beard of the Second introduced Senate bill No. 362, by request, which provides protection for gophers. The bill was referred to the committee on State affairs.

Senator West of the Fourth introduced Senate bill No. 364, which provides that no amount of cotton less than a bale shall be sold between August 15 and September 15, without a license tax. The bill was made a special order for Friday morning.

Senate bill No. 267, by Mr. Beard, by request—Providing for the disposition of real estate by husband and wife, was read for its first time and referred.

House memorial to Congress seeking an appropriation to clean the St. Johns river of the hyacinth pest was read the second time and passed by a vote of 27 to 0.

House memorial—Requesting Congress to allow Florida to survey all Government lands in the State, passed the Senate without a dissenting vote.

Senator Baker presented a petition from citizens of Marion relative to pending legislation with the request that the number of signatures appear on the calendar.

Senate bill No. 370, by Mr. Buckman—Authorizing the acceptance from the United States Government of the appropriation for the agricultural experiment station at Gainesville, was read for its first time. On motion of the introducer the rules were waived and the bill passed its second and third reading.

Senate bill No. 252, by Mr. Hudson—To provide for the enlargement and repair of the State capitol, was taken up as a special order. After much discussion as to a desirable location and the cost of the lot for the erection of the supreme court building, which the bill calls for, on motion Senator Crill, the president was requested to appoint Senators Sams and Hudson a committee to investigate the cost, etc., of the building and make their report on Monday of next week.

Senator Crane's bill, No. 16, and Senator McCreary's bill No. 34, and Senator Humphrie's bill No. 101, relative to uniformity of school textbooks and cheaper books for the children of Florida, were made a special order for Tuesday of next week.

Senate bill No. 152, by Mr. Alford—Defining the duties of the several State attorneys of this State, fixing their salaries—appeared on its third reading. Senator Alford spoke in favor of the bill and expressed the hope that the bill, which was reported unfavorably by the judiciary committee, would become a law. Senator West of the First spoke against the bill, contending that the State should be represented by the best men and he was against the bill, because it reduced the salaries from $2,400 to $1,800. The bill was defeated by a vote of 26 to 1.

Senate joint resolution No. 127, by Mr. Buckman, which is as follows: "Be it resolved by the Senate and House of Representatives of the State of Florida, jointly, that the Senate and House of Representatives of the State of Florida do hereby jointly determine that a revision of the constitution of the State of Florida is necessary," was taken up on its third reading. Senator Adams moved the indefinite postponement of the bill, which was carried by a vote of 18 to 9.

The House has only recently defeated a similar bill.

Senate bill No. 273, by Senator McCreary—To provide for the keeping of a record of all sales of dynamite by all persons, firms or corporations who deal in, sell or offer for sale dynamite, and providing for failure to keep such record. The bill passed its third reading by a vote of 26 to 0.

The Senate adjourned to 10 a. m. Friday.

IN THE HOUSE.

The House was called to order at 10 a. m. Roll call showing a quorum present. Prayer by the chaplain.

By Mr. Willis of Levy—Maintenance and erection of buildings for higher educational instruction of State; appropriation.

A message was read from the Senate and bills referred to the proper committees.

Bills on Third Reading.

House bill No. 61, by Mr. Beard of the Second—Amending Section 1563 of the general statutes of the State of Florida; passed.

Senate bill No. 130, by Mr. Baker of the Twentieth—Providing for the reception and safekeeping by the commissioner of agriculture of the field notes, maps and records in the office of the surveyor-general, appertaining to land titles in Florida; passed.

Senate bill No 38, by Mr. McCreary of the Thirty-second—Relative to directions for printing, etc., of ballots; passed.

By Mr. Malone of Monroe—Providing for the expenses of circuit judges. As amended, the bill provides $600 a year.

By Mr. Kirkland of Lake—Relating to the maintenance of public roads and privileges of the several counties.

Afternoon Session.

The House adjourned for dinner during the discussion on House joint resolution No. 226, by Mr. Faulkner of Taylor—Proposing an amendment to Article 12, Section 12, of the State constitution, relating to education. The resolution proposes that all taxes paid by white tax-payers should go to the support of white schools, and the taxes of negroes to the support of negro schools. The resolution was favored by Mr. Faulkner and Mr. Farris and was opposed by Mr. Malone, Mr. Willis of Levy, Mr. Dupont, Mr. Knight of Columbia, Mr. MacWilliams and Mr. Crawford, and after a lengthy session was lost by 28 yeas to 25 nays, less than the required three-fifths vote.

The House adjourned to Friday morning.

Not a drop of Alcohol

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor.

ATHLETIC EXERCISES AT THE UNIVERSITY

Program Today Will Be One of Finest Ever Seen in Florida.

SPORTS WILL BE VARIED

There Will be Competitive Drills, Competitive Firing, Swimming, Tub Races, and Many Other Sports, to All of Which the Public is Invited.

The athletic exercises to take place on the University grounds this afternoon will be held about 125 yards to the southwest of the University wood and iron-working shop. The sink at this place has been cleared of all shrubs, sand has been strewn over the bottom, rings and springing boards have been put in position, a dressing room has been built so that now everything is in good condition for the swimming, diving and other aquatic contests.

The rifle and revolver matches should prove very interesting, as several of the students have developed into good shots.

The purely military contests, numbers 5 and 6 of the program of events, will show something of what has been done during the year by the instructor, Lieut. Ball, of the Twentieth Cavalry, U. S. A.

The occassion will be enlivened by the University brass band, which will make its first public appearance. Much credit is due to Capt. Cox for the organization of this band, and for the great proficiency it has attained, considering the short time it has been in existence. The band numbers about twelve members and bids fair to add greatly to all future University functions.

The Program.

The program, which will be held at the swimming pool, will begin at 3:30 this afternoon, and will be as follows:

1. Revolver shooting, 5 shots, slow fire. 38 calibre, army colt.
2. Revolver shooting, 5 shots, rapid fire. 38 calibre, army colt.
3. Rifle shooting, 5 shots, slow fire, 22 calibre, rifle.
4. Rifle shooting, 5 shots, rapid fire, 22 calibre rifle.
5. Manual of Arms contest.
6. Taps and reveille contest.
7. Crossing swinging rings. (Contestant to go across and back to starting point.)
8. Long dive from spring board.
9. Swimming race. (Across pool and return.)
10. Tub race. (From bank to bank across pool.)
11. Obstacle swimming race. (Bank to bank across pool.)

The public is cordially invited to attend.

Birthday Party.

On Wednesday afternoon, May 8th, a crowd of happy little girls enjoyed a birthday party given by Miss Anna Blair Thomas, to celebrate her eleventh birthday. Her sister, Mrs. S. A. Ledbetter, assisted in entertaining. A "peanut grab" was enjoyed, and Ruth McDonald was the lucky one to receive the prize, which was a lovely book.

Many other games were played, and at 5 o'clock they entered the dining-room, where they were served sherbert and cake on a table beautifully decorated with Easter lilies and magnolias. Covers were laid for eleven and the following were present: Misses Eleanor Nixon, Mary Thomas, Myrtle McDonald, Annie Sale, Irma Vidal, Omeria McBeath, Ruth McDonald and Mary Sale. The birthday cake was decorated with eleven little candles, and as each little girl made a wish, a candle was blown out.

Many nice and useful gifts were received, and the little hostess proved to be a very successful one.

Wanted Breakfast; Killed Wife.

Americus, Ga., May 10.—John Robinson, a negro, farm ebployee, knocked his wife's brains out Wednesday because she failed to have his breakfast prepared at the appointed time. Robinson escaped, and is still at large. The crime was committed on the Broadhurst plantation.

WILL CALL COMMITTEE OF 50.

Mayor of San Francisco Thinks It Is Time for Action.

San Francisco, May 10.—Believing that the city is facing a grave crisis, Mayor Schmitz has called together the famous committee of fifty, which, at his request, took charge and directed the affairs of the city during the dark days following the earthquake and fire of April, last year.

The mayor has sent communications to fifty representative citizens requesting them to meet at his office to discuss with him the present industrial conditions in this city and to devise ways and means for their amelioration. Those who were summoned by the mayor are, with a few exceptions, the same citizens who composed the committee of fifty of April, last year. James D. Phelan, Rudolph Sjreckels, Francis J. Henry, M. H. DeYoung, and several others of the old committee, politically active against the mayor, were not included in his invitations.

When the committee meets it is understood that Mayor Schmidt, who receives the situation confronting the city and ask the committee to co-operate with him in settling the strikes and bringing about industrial peace.

Choir from Vienna Sings.

New York, May 10.—Many persons crowded into Luna Park at Coney Island Wednesday night to hear the Vienna choir, who are visiting this country for thirteen days, sing. The affair had been arranged to give the German singing societies of Greater New York an opportunity to see and hear the foreign visitors and the members of the societies turned out in force.

AS TO RHEUMATISM.

A well-defined case of rheumatism is generally recognized by medical men as one of the most difficult problems with which they have to deal. It has been found, however, by the experience of able physicians that much benefit results from putting the sufferer from rheumatism under the following treatment: Before each meal there is administered an anti-rheumatic tablet composed of 2½ grains Sodium Bi-Carbonate, 3 grains Salicylic Acid and 1 minim Wine of Colchicum. This is to be followed immediately by a glass of water. After each meal the patient is given a tablespoonful of a preparation of ¼ oz. Fluid Extract of Buchu, 1 dram Fluid Extract of Horse Nettle, 1 oz. Amet Cordial, ¼ oz. Fluid Extract of Liverwort and 14 ozs. water. The treatment, continued for a month, is said to give most gratifying results, even in unusually stubborn cases. The prescription given above any good druggist can compound.

On Trial For Murder.

Macon, Ga., May 10.—Ben Martin, a negro, has been on trial all day in the superior court for the killing of Ransom Banks, a negro, at an egg-nog party in Tybee on Christmas day last year. Martin was held under charge of murder, but he claimed to be shooting at another negro who was robbing his pants in the house. The case consumed a large portion of the time in the superior court Wednesday.

Unitarian Church Conference.

Chattanooga, Tenn., May 9.—The Southern conference of Unitarian churches, one of the great bodies of the church, is holding its twentieth session here.

THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair tonics may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich.

Two sizes—50 cents and $1.00.

If the railroads are really loosing money carrying passengers what a lot of it they must make hauling freight.

"Suppose Thaw's family were not wealthy," suggests a contemporary. In that case there never would have been any "Thaw case."

It now looks as though Mayor Schmitz of San Francisco would have been glad of the little distraction from local affairs a war with Japan would have produced.

The Government is going to feed molasses to some New Orleans negro convicts to test its purity. Might as well try to punish Sambo by giving him watermelon.

We are told that the temptations of wealth are greater than those of poverty, and yet there are a few of us that will pray, Deliver us from all those temptations.

Mr. Hitchcock of the Postoffice Department found the Southern postoffices in good cnodition and the postmasters unanimously in favor of the President's politics.

Hon. Frank Adams, the gentleman from the Thirtieth, is unquestionably one of the best parliamentarians and impromptu speakers adorning a seat in the Senate of 1907. Being ever ready to take an active part in any and all important measures which he believes beneficial to his constituency, the voice of Florida's merchant prince and politician is heard every day—every hour the Senate is in session. It can be truthfully asserted that no important bill becomes a law unless Senator Adams is heard to decry its bad or praise its good features.

Reports from he monster British battleship Dreadnaught, which has just completed a cruise to the West Indies, are by no means the most favorable. They are of particular interest to this country just now because this government is about embarking on the perilous task of duplicating the gigantic fighting machine and perhaps building her one better. The trouble seems to lie chiefly in the use of the steam turbine as a marine engine. Now this has been an interesting subject among engineers and there has been a good deal of criticism because this government has been slow to take up the turbine idea in warship construction. Many of the laity have held that we are slow and a little behind foreign governments in naval construction. But the reports of the turbine experiment, for it is an experiment in a big battleship, are not encouraging. Letters from the officers and men of the Dreadnaught say while she is a fast fair-weather ship, she is extravagantly wasteful of coal at slow speeds, that she cannot maneuver at anything less than a racing gait, and that her stockhold is impossible to enter in at any time. All the technical details of the case matter but little to the public. The important fact is that the British Government, much against its will perhaps, has given us an object lesson at an expense of several million dollars, for all of which when it comes to constructing our 20,000 ton battleships, we ought to be duly thankful.

TWO MEN'S OPINION.

In comparison with the scathing, irresponsible and untruthful attack on Florida of Geo. P. Rowell, editor of Printers' Ink, New York, which appeared in his journal of recent date, and for which he has been given a severe ripping up by the press of the State, we take pleasure in reproducing the opinion of Hon. Champ Clark of Missouri, which has just appeared.

Col. Clark, who is one of America's most intellectual sons, speaks not from what he has dreamed, as evidently did the editor of Printers' Ink, but from actual personal observation on his recent trip through the State.

Under the caption of "Delightful Florida," Col. Clark, who is a Congressman from Missouri, says:

"From Dover, N. J., to St. Petersburg, in southern Florida, is a long distance jump even in the lecture business, but I made it lately and shall never regret it—snow, ice and heavy overcoats in Dover; peach blossoms, orange blossoms, roses, fresh vegetables, linen suits, straw hats and fans in Southern Florida. Florida is not only a land of flowers, but it is a land of wonders and of a wonderful possibilities. Ponce de Leon never realized his gorgeous and fascinating dream of discovering the fabled fountain of perpetual youth, but Americans are finding there health, happiness, comfort and wealth. Florida now has a population of something over 700,000 souls. The great puzzle to one who has seen it and heard the unimpeachable story of its marvelous fertility is why it hasn't a population of 7,000,000.

"When I lectured at St. Petersburg we were the guests of Hon. Joseph C. Sibley, ex-Congressman from Pennsylvania, and his most estimable wife, and when I lectured at Gainesville we were the guests of Representative Frank Clark and his estimable wife. The recollection of the generous hospitality of these two families will rest upon us like a benediction all our lives.

"Sibley has purchased large tracts of land near St. Petersburg and is an enthusiast as to Florida's future. He has orange and grape fruit groves, some just planted. He is establishing a sort of agricultural experiment station on his own hook to test the productiveness of the soil, especially in forage plants. It is his theory that even those parts of Florida which are called pine barrens can be made to produce immense crops. He says that about St. Petersburg as much as a thousand dollars per acre has been realized on strawberries.

"At Gainesville an intellectual schoolma'am told me that one man had made $10,500 net from three acres of lettuce and that it was rumored that another man had done better even than that.

"It is not generally known that Florida is the largest State east of the Mississippi, but so it is. Of course everybody knows of her health-giving climate, her phosphate beds and her immense forests of pine and cypress. Her orange groves and grape fruit groves and big hotels have been extensively exploited, but the fact that it is the best poor man's country in America has not been exploited much, and that is the most important feature of Florida. If the fact were generally known that a family of five or more persons can live comfortably on a two-acre truck patch and even lay by something for a rainy day, Florida's population would soon double. Just now thousands of our people from the Northern and Central States are moving to Manitoba to better their condition, but it costs only about half as much to live well in Florida as in Manitoba. Houses, clothes, food and fuel do not cost so much. Cattle live the year round outdoors and keep fat. To sum it all up, I would call Florida 'the poor man's paradise.' Not that it is not a delightful habitat for the well-to-do and the rich. They can take care of themselves everywhere. Why any man will live in city slums and rear children there when he can find a home with pleasant surroundings and healthful environment in Florida at a price within the reach of every day laborer is a surpassing mystery. I am no land agent or land boomer; I own not one cent's worth of property in Florida, but I write these words in the hope that folks of small means in cities and colder climates, reading this, may improve their condition by the simple process of settling in Florida, where Nature has been so lavish with her gifts.

"Perhaps the most unlooked for thing I saw in Florida was one of the finest stables of roadsters in America, owned by Rev. Dr. Strouse, the famous evangelist. To see his satin-coated horses and to ride behind his high steppers is a delight to a man born and bred in Kentucky and living in Missouri. Dr. Strouse is a splendid Virginia gentleman."

"I rarely meet an American gentleman," says Count Boni. He probably would never meet one, if the American gentleman saw him coming.

Mr. W. T. Stead further complicates the peace situation by declaring that American women have no style.

ADVICE TO RHEUMATICS

Noted Physician Tells How to Prevent and Cure Rheumatism, Kidney and Bladder Troubles.

(By George Edmund Flood, M. D.)

If you would avoid Rheumatism and Kidney and Bladder Troubles be moderate in the consumption of heavy, rich foods, substitute as far as possible soups, broths, fresh milk, and water—lots of water. Take plenty of time to eat, and don't eat after you have had enough, even if it does taste good. If your work is confining take a moderate amount of exercise each day in the open air.

Of course, neither diet, water, rest, nor exercise will cure these afflictions. I advise them as preventives only. For the benefit of the readers of this article who are now afflicted with Rheumatism, Kidney, Bladder or Urinary trouble and desire to be cured quickly, I give below, complete in every detail, the famous prescription which has made me so successful in the treatment of those diseases that I have ever used. It is pleasant to take, it is not expensive, it can be filled by any druggist, and I believe it is the greatest prescription for Rheumatism, Kidney and Bladder Trouble ever written. It is also a valuable spring tonic and blood purifier. If you are a sufferer, save this, take it to your druggist and have it filled, or get the ingredients and mix them at home. Fluid Extract Cascara Armatic, ½ ounce; Concentrated Barkola Compound, 1 ounce; Fluid Extract Prickly Ash Bark, ½ drachm; Aromatic Elixir, 4 ounces.

Adult dose, take one teaspoonful after meals and at bedtime; children, one-fourth to one-half teaspoonful after meals.

After you are cured follow the advise I have given you in regard to diet, exercise and water, and you will not need the service of a physician again for these ailments.

BOMB SENT TO FAMILY.

Alleged Jilted Lover Attempted a Wholesale Murder.

Atlanta, May 10.—An infernal machine, thought to have been sent by a jealous lover to Miss Kate McCarthy, of 447 East Georgia avenue, exploded when Mrs. Julia McCarthy, her mother, tried to open it Wednesday night about 9 o'clock, and the explosion was so terrific that the house was nearly demolished and Mrs. McCarthy painfully and perhaps seriously injured.

Whole sections of the floor were torn up, doors were thrown down, furniture overturned, glasses smashed and the house wrecked, as if a cyclone had struck it.

Plastering fell from all the walls, a wardrobe was thrown ten feet and fell across a bed, books were hurled from one room to another, crockery was shattered and a cook stove overturned.

Not only was the hall in which the explosion took place completely demolished, but every room in the house was partially wrecked.

A section of the floor which had been directly beneath the place where the explosion took place was found on a lower floor.

Police and detectives were soon on the scene, and Detectives Campbell and Simpson went to work on the case.

They secured evidence, which led them to suspect a jilted lover being implicated in the attempt to bring wholesale death into a happy and peaceful family.

MINISTER MAKES STATEMENT.

In Spite of 'Frisco Incident Japs Like United States.

Paris, May 9—M. Kurino, the Japanese minister, in an interview Wednesday, is quoted as making the important statement that the series of treaties between Great Britain, France, Russia and Japan guaranteeing the territory status quo in the far east, implied an engagement to prevent other countries from acquiring the territory there.

Minister Kurino denies that the Franco-Japanese entente was in any way aimed at the United States, adding:

"Japan in spite of the San Francisco incident, has always been most sympathetic to the United States because she was the first to treat the Japanese people on a footing of equality. If Japan could obtain advantages from an understanding with the United States, it is entirely probable that the government at Tokio would not hesitate to negotiate with Washington."

Continuing, M. Kurino said that as Germany had no possessions in the Far East, Kiao Chou being simply leased Chinese ground, a treaty with her similar to the one between Japan and France would be useless.

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulæ, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great, blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet *does cure* all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" *in time* and it is not likely to disappoint you if only you give it a *thorough* and *fair* trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

Held Their Own.

A regiment of regulars was making a long, dusty march across the rolling prairie land of Montana during a recent summer. It was a hot, blistering day, and the men, longing for water and rest, were impatient to reach the next town. A rancher rode past. "Say, friend," called out one of the men, "how far is it to the next town?" "Oh, a matter of two miles or so, I reckon," called back the rancher. Another long hour dragged by, and another rancher was encountered. "How far to the next town?" the men asked him eagerly. "Oh, a good two miles." A weary half hour longer of marching, and then a third rancher. "Hey, how far's the next town?" "Not far," was the encouraging answer—"only about two miles." "Well," sighed an optimistic sergeant, "we're holdin' our own anyhow."

Worse Still.

SPECIAL OCCASION.

Southern Baptist Convention and Auxiliary Societies, Richmond, Va., May 16-21, 1907.

On account of the above occasion we announce round-trip rate of one fare, plus twenty-five cents in the sale of tickets to Richmond, Va., tickets at this rate being on sale from May 13th until 16th inclusive, with final limit to leave Richmond fifteen days from date of sale. However, by complying with certain conditions and upon payment of fee of $1.00, an extension of this limit to June 17th may be procured.

The Seaboard has been declared the Official Route for delegates to this meeting. Those having the matter in hand were evidently guided in reaching the decision to name the line by some of the attractive features of the service, noticeable among these being the double daily service with through coaches and sleeping cars and then the following: Our people, with an idea of affording delegates to this and other conventions held in Richmond, an opportunity for visiting the Jamestown Exposition, perfected an arrangement whereby the return portion of tickets reading from Richmond are honored from Portsmouth, Virginia, without additional charge. This alone certainly makes the Seaboard especially attractive.

There is a movement now on foot to have the Florida Baptists assemble in Jacksonville, moving from there on the same train—one might say in a body. This, too, will make the trip more pleasant.

TRIAL OF HAYWOOD CALLED.

First of Famous Assasination Cases Begins with Great Interest.

Boise, Idaho, May 10.—William D. Haywood, secretary and treasurer of the Western Federation of Miners, on Thursday, was placed on trial for complicity in the murder at Caldwell, Idaho, on December 30, 1905, of former Governor Frank Steunenberg.

Haywood is one of the four defendants charged with the murder. The others are Charles H. Moyer, president of the federation; George A. Pettibone, a former member of the executive committee of the federation, and Harry Orchard. The last named is expected to be the most important witness for the state against Haywood, Moyer and Pettibone. He is said to have made a confession and it has been the task of the prosecution to endeavor to corroborate his confession wherever possible.

The fact that Haywood's case is the first called for the trial is regarded as indicating that the prosecuting attorneys believe their strongest evidence is against the secretary of the federation.

The outcome of this case will determine the action to be taken with regard to Moyer and Pettibone should there be a conviction of Haywood, Moyer and Pettibone will be called for trial in the order named.

On the other hand, an acquittal of Haywood undoubtedly would mean an amendment of the cases against the other acused officers of the miners' organization. Orchard will not be tried until all of the other cases are disposed of.

YOUR GRANDMOTHER USED IT.

But She Never Had Sulphur in Such Convenient Form as This.

Your grandmother used Sulphur as her favorite household remedy, and so did her grandmother. Sulphur has been curing skin and blood diseases for a hundred years.

But in the old days they had to take powdered sulphur. Now HANCOCK'S LIQUID SULPHUR gives it to you in the best possible form and you get the full benefit.

HANCOCK'S LIQUID SULPHUR and OINTMENT, quickly cure Eczema, Tetter, Salt Rheum and all Skin Diseases. It cured an ugly ulcer for Mrs. Ann W. Willett, of Washington, D. C., in three days.

Taken internally, it purifies the blood and clears the complexion. Your druggist sells it.

Sulphur Booklet free, if you write HANCOCK LIQUID SULPHUR COMPANY, Baltimore.

Boy Mangled in Saw Mill.

Tifton, Ga., May 10.—Barney Livingston, aged 8 years, the son of Mr. William Livingston, of Fender, while playing with another little boy at the saw mill of Mr. P. D. Phillip at that place Tuesday morning, was caught by the whirling shaft, and before the machinery could be stopped both legs and his right arm were broken, the latter in two places. Medical assistance was promptly given, but the little fellow was so badly injured that he died within a short time after being hurt.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ROBERTS UNDER ARREST.

Defaulting Registry Clerk of the Anniston Postoffice.

Birmingham, Ala., May 10.—A special to the News from Anniston says that the chief of police of that city has received a telegram from the chief of police of Los Angeles, Cal., saying that Frank E. Roberts, defaulting register clerk of the Anniston postoffice is under arrest in Los Angeles and acknowledges his identity and guilt. Roberts disappeared about March 15, leaving a shortage of $800.

A short time afterward Postmaster J. M. Ragan, also absconded, it is alleged, with about $4,000 of government funds. Ragan, who it is said, left in the disguise of a woman, has never been heard of since.

Roberts has written home to relatives several times, first from Florida, then Philadelphia and recently from Salt Lake City.

Saw Mill Men Meet.

Tifton, Ga., May 10.—The May meeting of the Georgia-Florida Saw Mill association, which is also the annual meeting of this body, was held here Tuesday, President H. H. Tift in the chair. A number of matters were up for discussion, among them the 2-cent rate case, argument on which was had before the United States court, April 22 and 23, and a decision pending.

The "Pull" and the Job.

Business men are constantly being pestered by young men who seek positions through letters of recommendation, often in the form of personal requests from fellow business men. One may well question whether these letters have any great "pulling" power after all. The Saturday Evening Post tells of such an instance. After being very politely dismissed by several managers with the stereotyped expression that there was not a vacancy at present, the young man tore up the letters and went back to the place last visited.

"What can I do for you now?" the manager asked in an annoyed tone.

"Pardon me," said the young man, "but I've just torn up those letters. Could you give me a job on my own hook?"

The manager looked amused and said: "We need a young fellow to chip castings in the machine shop at $6 a week. If you like, you can have that until something better turns up."

"Yes, sir," replied the job hunter. "I'm ready now."

Queen Sophia and Bismarck.

Queen Sophia of the Netherlands, the first wife of King William III. of Holland, was too great a friend of Emperor Napoleon III., the Empress Eugenie and of France generally to take kindly to Bismarck. Before the big war of 1870 and probably some time after the Luxembourg squabble there was an international exhibition in Amsterdam, which the queen visited. She was conducted over the whole place by the committee, and as they came to a certain section one of the members said, "Now your majesty will see the greatest enemy of Germany." "Ah, Bismarck!" she cried, with some glee. The members stood aghast and never repeated this rash exclamation. The "greatest enemy" he had to exhibit was not, of course, Bismarck at all, but only a very much enlarged reproduction of either the phylloxera or the Colorado beetle, which at that time did a great deal of harm to German agriculture.—Westminster Gazette.

Two of a Kind.

A revival meeting was in progress, and Sister Jones was called upon for testimony. Being meek and humble, she said: "I do not feel as though I should stand here and give testimony. I have been a transgressor for a good many years and have only recently seen the light. I believe that my place is in a dark corner, behind the door." Brother Smith was next called upon for his testimony and, following the example set by Sister Jones, said: "I, too, have been a sinner for more than forty years, and I do not think it would be fitting for me to stand before this assembly as a model. I think my place is behind the door, in a dark corner, with Sister Jones." And he wondered why the meeting was convulsed with the laughter of those who came to pray.

Don't Whisk Your Hat.

Never use a whisk broom to clean a hat, either stiff or soft, particularly a soft hat, as it gradually removes the fine surface originally on the hat. The worst effect, however, is the wearing away of the band and binding by such rough usage. The effect is more quickly shown on the best grades of bands and binding. A fine hair brush, one of curved shape, made especially to use under the curl of the hat, is good. Best of all, however, is a thick piece of woolen cloth. Such pieces are now made in the form of pads, with a strap across the back, so that they can be held securely in the hand.—American Hatter.

THE UNION PICNIC.

Large Number of Sunday School Children and Others Went.

One of the largest and most successful picnic excursions ever given in this city was the union Sunday school picnic, which was participated in by the Methodist, Episcopal, Presbyterian and Baptist churches of the city Friday.

A special train consisting of ten coaches, all heavily loaded, left the city at 9 o'clock for Worthington Springs, arriving at destination in fifty-five minutes without mishap.

The spacious picnic grounds at Worthington, with the massive oaks and magnolias and the cool, inviting spring, proved a most desirable resort, and those who attended enjoyed the occasion very much. The dinner was served at the appointed hour, and a better picnic dinner was never seen in Florida.

The picnickers returned home in the evening a tired but happy lot, declaring this to be one of the most successful affairs of the kind ever held in the State.

Ticket Agent Goodwin sold 750 tickets for this occasion.

MRS. NEWCOMBE'S TROUBLE.

Husband of Former Gainesville Girl Slain at West Palm Beach.

Telegraphic nformation in The Times-Union of the 9th inst. contains information of the murder of George Newcombe, a prominent and universally popular young man, who was shot at Palm Beach by Thomas W. Troy, a South American lumber broker, on Wednesday afternoon.

Mr. Newcombe was the husband of Miss Agnes Sligh, daughter of Mrs. Lillie Sligh, who resided here for several years, and who was very popular. They were married less than a year ago, and a sad feature of the incident is the fact that the victim leaves this young wife and a baby about two months old.

The Times-Union states that Mrs. Alexander St. Clair-Abrams, formerly Miss Daisy Sligh, has gone to Miami to comfort as much as possible the distracted young wife, who is almost prostrated with grief.

Friends of Mrs. Newcombe in this city deeply sympathize with her in this sad hour of trouble and grief.

THE BURTONS TO MOVE.

Will Go to Waycross, Ga., Where Mr. Burton Will Follow His Trade.

After a residence of many years in this city, J. J. Burton and family expect to make their departure in a few days for Waycross, Ga., where they will in future reside.

Mr. Burton is a carpenter and contractor, and a man whom it is said, knows his business. He has resided with his family here for a long time, has made many friends, and the departure of the Burtons will cause regret.

Mr. Burton has not decided positively whether or not he will locate in Waycross, but that is very probable. He has visited the Georgia city, is well pleased, and if conditions are right will make his future home there.

W. M. Mott left yesterday for Ocala, where he will make a brief visit to his sister.

The friends of Master Roy Nixon will regret to learn that he is suffering from fever.

Captain B. W. Fontaine, who is engaged in phosphate work in the West End, but who resides in Micanopy, where he owns a beautiful home, was in the city yesterday.

Manager N. A. Callison of Spring Park Farm was in the city yesterday. Friends of Manager Callison will regret to learn that he has been indisposed with fever for the past few days.

Among the Micanopy folks who visited this city yesterday were E. C. Chitty, J. N. Craig, J. D. Merry, Justice J. W. Smith and J. D. Reeves, all of whom were here attending the session of the court.

Lute Howell of Newberry was in the city yesterday. Mr. Howell brought the information of the serious fire in his town Thursday night, and in which he was a serious loser, owning several valuable houses.

T. J. Capers, for many years a resident of this city and well known here, is at the Brown House. Mr. Capers developed into a first-class salesman, and has been on the road with great success for some time "selling shoes." His numerous friends here are always glad to welcome him.
